Ramez Sameh Soliman

Full Stack Web Developer (.NET)

01555317628 | samehramez24@gmail.com | RâMêZ SâMêH | RamezSameh | Ain Shams, Cairo

Career Objective

Experienced Full Stack and Backend Developer specializing in ASP.NET with hands-on experience in building dynamic and responsive websites and desktop applications. Trained at Information Technology Institute (ITI) and Digital Egypt Pioneers Initiative (DEPI) in Full Stack .NET. Optimizing database performance and enhancing system efficiency. Proficient in frontend and backend technologies including HTML, CSS, JavaScript, React, C#, and ASP.NET Core. I served in the Army as an officer. A dedicated self-learner with military discipline, leadership experience, and excellent communication skills. Seeking an opportunity to contribute to a dynamic team by delivering high-performance solutions and driving continuous improvement in software development.
